OF AMERICA OF INTEREST TO READERS OF THE
AMERICAN MINERALOGIST

From time to time papers in the field of mineralogy and petrology appear in the *Bulletin of the Geological Society of America* which may be of interest to readers of *The American Mineralogist* who do not receive the publications of the Geological Society. For the benefit of these readers, the following list of available reprints is given. Any of these papers may be secured by writing to the Secretary of the Geological Society of America, 419 West 117 Street, New York, N. Y.
