

PEACOCK MEMORIAL PRIZE, 1955

The Walker Mineralogical Club offers The Peacock Memorial Prize of One Hundred Dollars (\$100.00) for the best scientific paper on pure or applied mineralogy (including crystallography, mineralography, petrology, ore genesis, and geochemistry) submitted by any graduate student enrolled in a Canadian university, by a Canadian graduate student enrolled in any university, or by any graduate student on a Canadian subject. The paper will be accepted for competition up to two years after completion of the work even though the author may be no longer enrolled as a graduate student.

Full information on the conditions governing the presentation of this prize may be had by writing: The Secretary, Walker Mineralogical Club, 100 Queen's Park, Toronto 5.

All papers for this year's competition must be in the Secretary's hands by October 31, 1955.
