

ERRATA

Nonmetamict nioboeschynite-(Ce) from Alaska

SAM ROSENBLUM AND EDWIN L. MOSIER
U. S. Geological Survey, Denver, Colorado 80225

Am. Mineral. 60:309–315: The densities reported were systematically low. Read 5.09 instead of 5.04 on pages 309 (abstract, line 5) and 312 (Table 2, first column).

On page 310, right column, line –13, for “(range = 4.99 to 5.11) is 5.04” read instead “(range = 5.04 to 5.15) is 5.09.”
