

**Report of the Financial Advisory Committee for 1984**

The year end summary of the Endowment Fund, Crystallography Fund and Mineralogy/Petrology Fund are presented in the Table 1-4. By January 1984 these three funds as well as the General Operating Fund were separately monitored, enhancing the efficiency of operations and accounting of the Society monies. William G. Campbell and Co. continued to manage the Endowment Fund while the Crystallography and Mineralogy/Petrology Funds were invested in high yielding Treasury Notes (13% due 1986) and in the Reserve Fund, Inc.

The total value of the Endowment Fund as of 12/31/84 was \$496,690, the Crystallography Fund \$30,836 and the Mineralogy/Petrology Fund \$34,305.

The committee considered the performance of the three Funds and undertook an evaluation of the potential for further growth and development of the present capital, an important step preceding any fundraising efforts. Some obvious questions on

optimizing the use of funds have been addressed and will continue to be reviewed as the committee seeks maximum growth with minimum risk in a difficult economic climate and in light of the changing needs of the Society.

To achieve the goals and objectives of the Society, financial stability is needed. When seeking additional support for continu-
