Memorial of Richard Henry Jahns March 10, 1915-December 31, 1983

Brown and Ewing

To be deposited: Bibliography

American Mineralogist, 71, 3-4, 652-654

(with L. A. Wright) Gem- and lithium-bearing pegmatites of the Pala district, San Diego County, California: California Div. of Mines, Special Rept. 7-A, 72 pp., 1951.

The genesis of pegmatites. II. Quantitative analysis of lithium-bearing pegmatite from Mora County, New Mexico: *Amer. Mineral.*, vol. 38, pp. 1078-1112, 1953.

Mineral resources and human ecology, in Johnson, H.D. (Editor), No
deposit - no return, pp. 151-155, Addison-Wesley Publishing Co.,
Reading, Massachusetts, 1970.

(with others) Earthquake hazard reduction, Report of the Task Force on
Earthquake Hazard Reduction, 54 pp., Office of Science and Technology,

(with others) In the interest of earthquake safety, 22 pp., Inst. of

Memorial of Louis Wade Currier (1890-1970): Amer. Mineral., vol. 56,

(with others) Preliminary report on the geology and field petrology of
the Apollo 15 landing site: U.S. Geol. Survey, Interagency Rept. 32

(with others) Preliminary report on the geology and field petrology at
the Apollo 16 landing site: U.S. Geol. Survey, Interagency Rept.:

Geologic hazards, associated risk, and the decision-making process, in
Earthquake risk, pp. 39-53, California Legislature Joint Comm. on
Seismic Safety, Proc. Earthquake Risk Conf. in Carmel, California,

A profile of southern California geology, Guidebooks for Amer. Assoc.

Tectonic evolution of the Transverse Ranges province as related to the
San Andreas fault system, in Kovach, R.L., and Nur, Amos (Editors),
Proceedings of the Conference on tectonic problems of the San Andreas
fault system: Stanford Univ. Publs. in the Geol. Scis., vol. 13,

(with Karl Vonder Linden), Space-time relationships of landsliding on the
southerly side of the Palos Verdes Hills, California, in Moran, D.E.,
Slosson, J.E., Stone, R.O., and Yelverton, C.A. (Editors), Geology,
seismicity, and environmental impact, Assoc. Engineering Geol.,

The solid earth, in Kone, E.H., and Jordan, H.J. (Editors), The greatest

Some historical perspective on responses to geologic hazards, in Physical hazards and land use, pp. 105-112, San Jose State Univ., California, 1975.

(with D. K. McMillan, J. D. O'Brien, and D. L. Fisher) Geologic section in
the Sierra Cuchillo and flanking areas, Sierra and Socorro Counties.
New Mexico. in Chapin, C. E., and Elston, W. E. (Editors), Field
guide to selected cauldrons and mining districts of the Datil-Mogollon
volcanic field, New Mexico: New Mexico Geol. Soc. Special Publ. No. 7,

Landslides, in Geophysical predictions: Nat. Research Council, Studies in

Review of Building a state geological survey, California 1928-1958, by O. P.

Pegmatite, in Lapedes, D.N. (Editor), McGraw-Hill Encyclopedia of the Geological

(with B.A. Bolt) California's earthquake hazard: a reassessment: Univ. of Calif.,

Comments on social costs of future earthquakes, in Scott, Stanley (Editor),
What decision makers need to know: policy and social science research on
seismic safety: Univ. of Calif., Inst. of Govt. Studies, Research

Gem-bearing pegmatites in San Diego County, California: The Stewart Mine, Pala
District, and the Himalaya Mine, Mesa Grande District, in Abbott, P.L.,
and Todd, V.R. (Editors), Mesozoic crystalline rocks: Peninsular Range
Batholith and pegmatites, Point Sal ophiolite: San Diego State University,
Dept. of Geological Sciences, volume prepared for 1979 annual meeting of

Toward improved understanding of mineral resources-critical needs in education,
training, and transfer of information. In: Barton, P. B., ed., Mineral
resources: Genetic understanding: Washington, D. C., National Academy

Internal evolution of pegmatite bodies. In. Cerny, P., ed., Short Course in
Granitic Pegmatites in Science and Industry, Mineralogical Association

(with L. A. Stern, G. E. Brown, Jr., D. K. Bird, E. E. Foord, J. E. Shigley,
and L. B. Spaulding, Jr.) Mineralogy and geochemical evolution of the
Little Three pegmatite-aplite layered intrusive; Ramona, California.
