Katherine Mathar

Publications

1949. *Handbook for Concrete and Cement* (Revised Edition) (with B. Mathar and others), U.S. Army Engineer Waterways Experiment Station, CE, Vicksburg, Miss.

1949a. Disintegration of Concrete from Tawakasna Lock and Dam, U.S. Army Engineer Waterways Experiment Station, CE, Unnumbered TM, Vicksburg, Miss.

1952. *Results of Special Investigations of Concrete Core from Five Dams* (with R. J. Callen et al.), US Technical Memoranda, Vicksburg, Miss.

1952b. "Investigation of Ceramic Aggregate for Concrete" (with C. B. Willetts and T. S. Kennedy), US Miscellaneous Paper No. 6-8, Vicksburg, Miss., 24 pp., 3 photographs.

1953a. "Correlation between laboratory accelerated freezing and thawing and weathering at Trest Island, Maine" (with Thomas A. Kennedy), Proceedings, American Concrete Institute, Title 50-9, Vol 59, pp 141-172. Also WES Bulletin, 1954, Authors' closure to discussion, Ibid (December 1954), pp 172-175 to 178-20.

1956a. Tests of Concrete Corps from Devil's Kitchen Dam, Illinois, WES NP No. 5-165, 9 pp, 1 table, 6 plates.

1956b. Study of Concrete Specimens Damaged by Electrolysis, WES NP No. 5-188, 26 pp.

1957. Composition and Constitution of Five Samples of Glacial Till From the St. Lawrence Scour, WES NP, 28 pp, 9 tables, 1 plate.

1957b. Investigation of Exfoliation of Concrete, Davis Air Force Base, Haskell, Oklahoma, WES NP No. 6-236, 21 pp, 3 tables, 3 photographs.

1958. Petrographic Data on Seven Rock Samples Used in Core-Structure Research, WES NP No. 6-254, 19 pp, 1 table, 12 photographs, 1 figure.
1958a. *Investigation of Deterioration of Concrete, Davis Air Force Base, Ft. Sill, Oklah.: Appendix A: Gaseous, Sulfate, and Alkali Content and Additional Petrographic Examination of Samples of Concrete Corrosion*, WES HP No. 6-316, 8 pp., 1 table.

1958c. *Composition of Samples of Glacial Till from Green Brook Dam, New Hampshire, and North Perald Dam Site, Vermont*, WES HP No. 6-262, 18 pp., 4 tables.

1958e. *Investigation of the Potencial Sulfate Resistance of Ten Portland Cement (with A. D. Buck)*, WES HP No. 6-279, 27 pp., 5 tables.

1958f. *Application of X-ray Diffraction to Concrete Research* (mimeographed), U.S. Army Engineer Waterways Experiment Station, Vicksburg, Miss. (Distributed at 1958 Corps of Engineers Division Laboratories Conference).

1959b. *Investigation of Reinforcing Bar from Splitter Mill, Twoahaha Dam* (with W. O. Tykes), WES HP 6-351, 7 pp., 2 tables, 2 figures.

1960. *Testing of Deer Hard Rock Corr. - Chicago District* (with Bryant Mathers) (mimeographed), U.S. Army Engineer Waterways Experiment Station, Vicksburg, Miss., 10 pp., 1 table, 1 figure.

1962. Evaluation of Stone for Protection Work, WES NP 5-480, 10 pp, 4 tables.

1962a. Project Dribble: Petrographic Examination of Cores (with A. D. Buck), U.S. Army Engineer Waterways Experiment Station, CE, Vicksburg, Miss., 41 pp, 17 figures, 2 appendices.

1962g. Shale Samples, Texas Panhandle (with A. D. Buck), WES NP 5-365, 18 pp.

1963b. Composition and Constitution of Two Samples of Glacial Till, St. Lawrence Seaway Project (with A. D. Buck), WES TR 6-632, 64 pp.

1963e. High-Strength High-Density Concrete, WES TR 6-635, 65 pp.

1965c. The Consolgov Series and Associated Rocks of the Subsurface in Central and South Florida. USGS Professional Paper 667 (Contains results of petrographic studies of 100 rock samples examined by R. Mathes, conducted for USGS).

1973c. Examination of Cored from Four Highway Bridges in Georgia. WES MF C-73-11, 38 pp (also Concrete Technology Information Analysis Center Report No. 12).

1973d. Identification of Samples of Objects Recovered from Ocean Floor. WES MF C-73-4, 17 pp (also Concrete Technology Information Analysis Center Report No. 6).

1978. A Look at Type K Shrinkage-Compensating Cement Production and Specifications. WES MF C-78-2 (CITAC Report No. 23), with George C. Hoff.

1980a. "A Look at Type K Shrinkage-Compensating Cement Production and Specifications" (with George C. Heff), American Concrete Institute SP-64, pp 133-181.

1980b. "Concrete Weathering at Great Island, Maine," in Performance of Concrete in Marine Environment, American Concrete Institute SP-63, pp 101-112.

1981. "Condition of Concrete in Martin Dam After 50 Years of Service," *Concrete, Concrete, and Aggregates,* ASTM, Vol 3, No. 1, pp 53-63.

1982d. "Current Research in Sulfate Resistance at the Waterways Experiment Station," in George Varcheck \textit{Concrete on Sulfate Resistance of Concrete}, American Concrete Institute SP-77, pp 63–76.

1983. Discussion at 5th International Conference on Alkalis in Concrete: Research and Practice, Copenhagen, Denmark.

1983b. Preface to "Handbook of Concrete Aggregates," by Ludmila Belar–Mans et al., No. 45 pp, pp vii to ix (with Bryant Mathers).

1984a. "Reactivity of Quartz at Normal Temperatures" (with Alan D. Buck), EERI MP SL-84–12.

1985a. "Cement Composition and Concrete Durability in Sea Water" (with Alan D. Buck and Bryant Mathers), EERI MP SL-86–11, "December 1984."
