Instructions: The committee asks that the nominator compile into a single electronic file the coversheet, nomination, all letters of support, and supplementary materials before submitting the nomination packages to the MSA Business Office (abenbow@minsocam.org). This single electronic file makes it easier and less expensive for the committee members, who are increasingly international, to do their work. Nominations can be carried over to following years if the nomination package is updated by the sponsor. Any nomination not renewed after two years will be not considered further. (Revised 12/13/2005 and again by Council vote on 02/10/2023).
